

U.S. MILITARY

“Adapt and Overcome”. This inspirational mantra used by several military branches describes EMCOR Government Services and how we approach critical facilities issues, and then adapt and find solutions. **How can we adapt and overcome for you?**

U.S. MILITARY

EMCOR Government Services (EGS) has boots on the ground to help keep our troops and their myriad facilities safer, more efficient and ever-ready. In fact, EGS is proudly staffed with former military servicemen and women at virtually every level of the company – which means we know first-hand the importance of the mission-critical work you do, and our role in supporting you.

Regional Base Operating Support, Naval District Washington – Washington, DC

Since 2010, EGS has delivered a full range of Base Operations Support (BOS) to over 4.3 million square feet of headquarters, command center, and research and defense space for over 50 buildings. Many of the facilities are at large complexes with strict security requirements.

EGS' scope consists of a full range of operations and maintenance, repairs, project management, utility plant operations, building automation controls, work management, grounds maintenance, snow and ice removal, fire alarm inspection services, custodial, and pest control services. EGS schedules, deploys, and tracks work and inventory through a centralized web-based CMMS.

In order to provide the highest quality services possible, we require that EGS employees stay current with demanded industry practices, and remain fully certified.

EMCOR Government Services engineers are certified in the following disciplines:

- Building Automation Systems & Energy Management Systems
- Electrical
- Emergency Power
- Energy Management, Audits & Modeling
- LEED
- Mechanical
- Plumbing
- Roof Inspections
- Structural Analysis and Design
- Vertical Transportation

A sampling of EGS facilities solutions:

- Arc-Flash
- Asset Numbering / Barcoding
- Building Commissioning & Retro-commissioning
- Construction Inspections & Document Reviews
- Criticality Assessments
- Design-Build Project Delivery
- Diagnostic & Forensic Engineering
- Due Diligence / Property Transfer Inspections
- Hand Held CMMS
- Infrared Scanning for:
 - Electrical Switchgear
 - Moisture Intrusion
 - Air Infiltration
 - Mechanical Equipment
 - Roofing Surveys
- Lifecycle Cost Analysis
- Project Management
- Property Condition Assessments
- Short Circuit Analysis
- Zone Cleaning

36,000+

EGS draws from a growing nationwide network of highly skilled professionals

Washington Navy Yard – Headquarters of the Navy – Washington, DC

EMCOR Government Services (EGS) provides base operation support and Indefinite Delivery/Indefinite Quantity (IDIQ) services for the U.S. Navy at the Washington Navy Yard. Comprised of more than 80 buildings, totaling approximately 8.5 million square feet, it's home to the Chief Naval Officer and also serves supplementary support to the Commandant of the Marine Corps.

EGS performs preventive maintenance on more than 6,400 pieces of equipment, completes approximately 4,500 service orders annually, and provides 24-hour support for emergencies. Our IDIQ portion serves virtually every Navy installation within 100 miles of the Navy Yard for services ranging in complexity from tenant outfitting to design-builds.

Marine Barracks & Annex – Washington, DC

This is the oldest active post of the U.S. Marine Corps, home to the Commandant of the Marine Corps and many nationally recognized units, like The President's Own and the Silent Drill Platoon.

EGS provides services for scheduled and unscheduled maintenance and repair of heating, ventilation, air conditioning and refrigeration equipment systems. These systems include chillers, air handlers, pumps, water towers, cooling towers, rooftop units, expansion/holding tanks, DC split/heat pumps, fan coil units, package units, boilers, heat exchangers, computer room units, fans, compressed air systems and all controls.

We also support each facility's low-voltage electrical systems, elevators, fire alarm services, management and administration of the CMMS, and facilities management services.

Energy efficiency certifications:

Energy Star 

LEED for New Construction 

LEED for Existing Buildings 

ASHRAE

**MISSIONS
ACCOMPLISHED**

Our mission is to help you accomplish your missions more **safely, efficiently** and **cost effectively.**

A higher caliber of service.

EMCOR Government Services (EGS) supports hundreds of strategic facilities in key public and private sectors, all across the nation. **We can build, power, service and protect any facility, for any operation, in any sector, anywhere in the country.**

GSA Schedule Approved.

EGS holds **multiple award schedules** in Facilities Management, Maintenance, Engineering and Environmental Services – so we're well-equipped to meet your routine and/or mission-critical needs.

One single point of contact.

The **EMCOR Customer Solutions Center** offers the ultimate in customer service – 24/7 access to highly trained service professionals, an ever-expanding database of facilities information, and expert systems technicians. For virtually any question you have, we have your answer.

Safety, Quality, Client Satisfaction and Performance Enhancement.

It's company policy to constantly **monitor and improve commitments** to the programs we consider core to our business – and central to our day-to-day culture.

Backed by the nationwide EMCOR Group, Inc. network.

Behind EGS lies the strength of a respected **Fortune 500® company that serves 75% of the other Fortune 500® companies.** EMCOR's superior bonding capacity, nationwide network of operations and 36,000+ workforce, as well as local knowledge, deliver ISO 9000-certified quality, continuity of service, and uniquely collaborative partnerships to get the job done.

WHAT CAN WE ACCOMPLISH FOR YOU?
